

BELMONT WILL OBEY R. T. BOARD AS TO SUBWAY

Express Trains Above 96th Street to Be Put on Without Delay.

'EVER READY TO OBLIGE'

Cry of "Danger" Applied Only to Line Above 137th St., Says Official.

The Interborough Company made the positive statement that the express service above Ninety-sixth street, ordered by the Rapid Transit Commission, will be inaugurated immediately.

"We will make the necessary changes and put on the service just as soon as we receive the official order of the Board," said a representative of the company.

"Just as soon as we have the order, so we can tell exactly what's wanted from us, we will comply. We want it understood that we have never been less anxious for this service than the people are to have it."

This statement was made without a smile, and the official evidently expected it to be taken at its face value. The company has, it seems, forgotten the long night of the Evening World last summer, and the continued agitation ever since with the organization of taxpayers, and the constant delays and objections that have been made by the company to the better service. The long arguments of General Manager Hedley and his counsel yesterday to the effect that it would be impossible to give the service and the cry of danger to the public were also forgotten.

"The situation was just this," he added. "We have always been ready to give an express service above Ninety-sixth street as far as One Hundred and Thirty-seventh street, but we were asked to give it to One Hundred and Forty-fifth street, and there was the danger came in. There is no danger in operating the trains to One Hundred and Thirty-seventh street, whatever, and we will be only to lead to operate them."

"When will you run the first train?" was asked.

"That we cannot say."

"Do you mean there may be a long delay before the service is given now that it has been ordered?"

"Not at all. We cannot do anything until we hear from the Board, but as soon as we do, the service will be installed without delay."

Mr. Boardman, counsel for the Rapid Transit Commission, will have the order drawn, certified and handed to Manager Hedley to-day.

"HOLD-UP" AUTO DRIVER ARRESTED

McMann and Brother Held Pending Inquest Into Brandt's Death—Were with Victim.

Tom McMann, the chauffeur who drove the car that ran over and killed W. Brandt, another chauffeur, at Central Park West and Seventy-second street early yesterday, after Brandt and two of his friends had hailed a cab containing the hotel man, Milton Rhee and a lawyer, was arrested to-day by detectives at his boarding place, No. 22 West Fifty-third street.

At the same time and place the detective arrested his twin brother William, another of the party. The three other survivors of the six in the car had already been detained as witnesses for the inquest.

The two McManns were technically charged with homicide and held for Corpus Deoxy, who began his investigation into Brandt's death this afternoon. Brandt was crushed by the moving car as he attempted to jump from it, having been frightened away from the cab by the coming of a policeman. The manner of the attack of first Mr. Rhee and his companion to believe they were about to be held up. As a matter of fact, the driver of the car meant to threaten the car man for striking him with his whip.

FIGHTING LOOKED FOR SOON IN NEWFOUNDLAND

MONTREAL, Nov. 16.—A private cable dispatch from St. John's, N. F., says the situation there is getting more serious all the time.

Police Inspector O'Reilly boarded the United States fishing boat Ralph Hall, but met a retreat at the advice of the captain.

Summons have been issued for the Canadians working on board, and as the men will refuse to obey them, fighting is expected soon.

Detectives in Tenderloin Caught Up with Garment, and Say Thief Was Inside.

A young man, giving his name as Paul Walker, and his address as No. 24 West Thirty-eighth street, was arrested in Jefferson Market Court to-day charged with grand larceny, in stealing an overcoat from a restaurant at Thirty-fourth street and Broadway, last night. He was arrested by Detective Sergeant McDonald and Conklin after a hot chase two blocks up Broadway.

The detectives had been notified by Capt. Scholtzman that overcoat thieves were raiding restaurants in that vicinity, and they were eating in the place when they heard a waitress say to a man:

"Take off that coat. It is not yours."

The man ran from the restaurant, the detectives after him, but they were too fast and soon landed him.

45,000 MURDERED IN U. S. IN FIVE YEARS.

"Most Criminal of All Countries," Declares Judge Kavanaugh to Chicago Collegians.

CHICAGO, Nov. 16.—Judge Marcus Kavanaugh started the alumnae of St. Ignace College by declaring in an address last night that there have been 45,000 murders in the United States within the last five years, and he could see no promise of a falling off in the figures for the future.

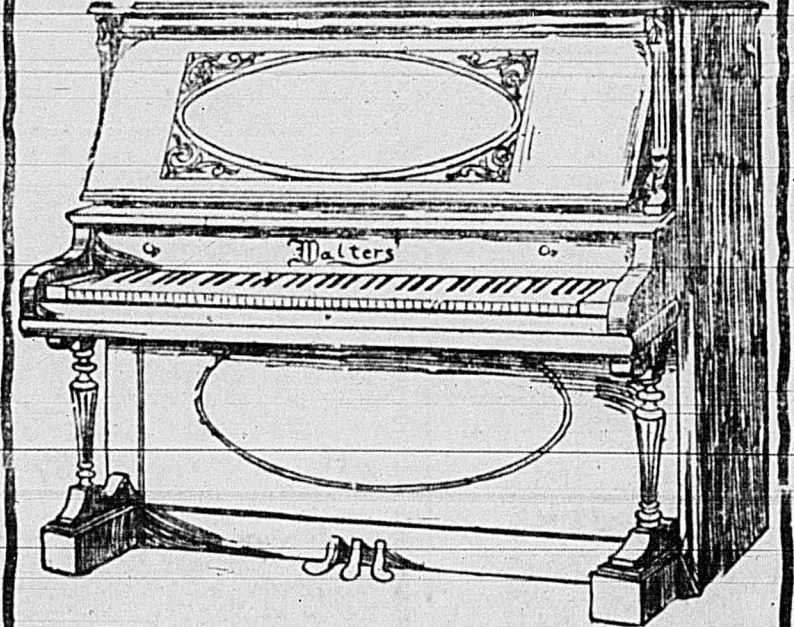

"More persons were murdered last year than died of typhoid fever," he said. "The last is burdened with technicalities, and it is almost impossible to enforce it. The United States is the most criminal of all the countries of the world."

"A criminal here has nine chances to escape to one for conviction. This awful total of murder is due to the law itself, and the loose way in which it is administered."
